

# The world's first!

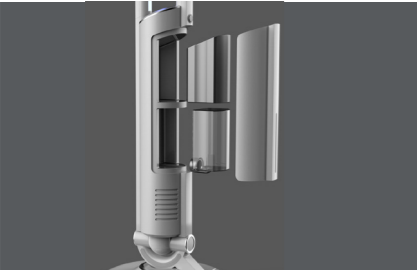

## Cordless Steam mop cleaner

LOZAS AKS-5000

# Cordless steam mop cleaner AKS-5000

- The world's first cordless steam mop cleaner using patented cordless steam technology
- A wet mop cleaner and a steam cleaner in one!!
- 99.9% sterilization with dual sterilization system (high temperature steam + UVC)
- Quick preheating system starts wireless steam cleaning in 3 minutes (30 seconds preheating when switching from regular steam to power steam!)
- Cordless steam cleaning function for up to 15 minutes (1 battery, normal steam function use / over 25 minutes based on safety steam)
- Safe mode function that can be used even on specially coated floors
- Power sterilization steam function that can neatly clean the ingrained dirt even when it is dirty
- Quick and clean floor cleaning with a mop that rotates up to 500 times per minute!
- Water spray function to selectively clean dry mop and wet mop
- Detachable large-capacity water tank makes cleaning and management more convenient
- Detachable lithium-ion battery for easy use and charging, and additional batteries can be charged at the same time (Additional battery kit sold separately)
- The front LED that illuminates even dark places makes it easy to clean the bed and under the sofa!
- Easy to attach a mop on the dedicated cradle that makes use of the living room interior!

- Around hinge structure that rotates 270-degrees from left and right front and back allows the to touch all areas to clean everywhere
- Ambient LED light that acts as an indirect light in the stationary state while charging
- Selected as a Good Design (GD) Product
- Selected as an excellent product at the 2021 Seoul Awards
- Awarded the 10th KES Innovation Awards

Size		324 x 252 x 1,138mm (Excluding charging cradle)	weight	4.34kg (With battery/ without charging cradle)
Water tank capacity		330mL	Material	ABS, PC, Composite PP, etc.
Adapter		INPUT: AC100-240V, 50/60Hz OUTPUT: DC33.6V/1A	Product components	main body, charging cradle, adaptor, setscrew, pad 4sheet, manual
Battery capacity		lithium ion(LI-ION) 2,300mAh		
Run time (based on 1 battery)	Cordless steam cleaning	about 15 minutes (SAFETY : over 25 minutes)	Preheating time	about 180 seconds
	Mop cleaning	up to 60 minutes or more	Safety device	Temperature sensor
Color		Milky White / Matte Black	Moterrevolutions	500RPM
KC Certification(battery)		ZU10754-21001	Electromagnetic wave	R-R-tKK-AKS-5000
