## I CUPLUS V2

### Car Cup holder with Wireless charger

#### 1+1 Cup Holder

The extra cup holder allows the user to store more drinks. Its height can be adjusted, so the user can position it properly in the car.

#### Tray for food or other belongings

It includes an extra attachable tray that provides more storage for the user's belongings, such as food, wallet, keys, cards, phone, etc.

#### Fast wireless charging

Users can charge their phones without cables on the tray as it provides 10 W fast wireless charging when users use the QC3.0 adapter in their car.
