I ECO COLOR FOLDER

Safety Folding Playmat for Baby

You can use Eco Color Folder without any worries because it does not use and contain any hazardous materials! It is the first in the industry to acquire the environment-friendly certification (Korea Eco-Label). The mat is shock-absorbing and mitigates noise because of its ALZip structure. Its PU leather is free from hazardous substances, and both sides of the product are usable. It is a trendy and ambient urban line mat with a touch of a calm pastel tone.
