## I Marine Active Serum

### For moist and glowing skin full of moisture

Hyaluronic acid supplies moisture to skin, the two steps moisture care serum which maintains moisture with Ceramide is a gel-type serum. It helps filling up the moisture to skin and maintain the moist skin during the day. The elements such as deep sea water and seaweed extract give a full moisture feeling and the mineral and vitamin elements also help the skin to become bright and clean. Compare to the existing moisturizing products, the step care time become shorter as the skin can absorb the serum faster with fresh feeling.

Serum fills up dehydrated skin with nutrition and moisture of sea so that skin becomes moist and radiant
