+ Company Description

We, Trendy Products, have been established since 1996. we are a manufacturer and exporter of beauty products including cosmetics, manicure and pedicure items. We export 100% of our products worldwide and have a good reputation about beauty products, especially in Middle East, Europe and USA.

We have spread our brand names by showing cutting edge designs and hing quality products while participating in world famous fairs. Through our experience coming from a long period of time, we've learned and gained our own distinguishing know-how in beauty business. We know how to walk inches ahead of our competitors. We've never been laid back in items of doing reserch and developing new products in order to be a center of new stream of beauty, which has been main and basic philosophy of our company.

We are very proud of ourselves that we've kept ourselves ranked 1st in Korea in beauty business and also about our capability to be able to provide highly controlled quality products along with favorable prices.
