I Full-page Document Reader RealPass-N

Compact, Full-page and Multi-functional document reader

RealPass-N is a compact, full-page and multi-functional document reader for one-step reading of multiple document types including ICAO standard documents such as e-Passport, e-Visa, ID cards and 1D & 2D barcodes. It is designed to capture or extract data from visual data page and RFID chip of electronic documents quickly and reliably in a variety of public and commercial sectors. By design and performance innovation, it provides 500DPI high resolution, USB3.0 interface, tempered glass with IP54 surface and Anti-glare technology to capture image and data in multiple illuminations(White, IR, UV). RealPass-N is an ideal and ergonomic form factor with low profile and simple shape for space-saving and easy integration in self-service kiosks, e-gates and counters.

- Single-Step** A unique Single-Step reading technique
- Mobility** Capture data from the visual data page and RFID chip of electronic documents quickly and reliably in a variety of public and commercial sectors.
- High Quality** 500DPI high resolution, a USB 3.0 interface, tempered glass with a IP54surface

Indicators
