

Beauty

| Natural Foam Wash

Pure cleanser

pH 5.9 mildly acidic cleanser for delicate skin . With a slightly acidic pH level of 5.9 similar to the skin, this product maintains a healthy skin balance with moisturizing and mild cleansing effects.

Pure bubble cleanser as soft as whipped cream. With the soft, rich foam of naturally derived surfactants extracted from apples, this cleanser removes impurities excellently without raising concerns over harmful ingredients.

A safe cleanser for the whole family, even for infants and toddlers.

Because it contains only essential ingredients without any scent or color, it is a safe cleanser the whole family can use, from infants and toddlers to pregnant women.

Feature

- 1. pH 5.5 – 6.5, similar to the skin
- 2. Keep the skin mild and clean with this pH 5.9 mildly acidic cleanser.
- 3. This is a slightly acidic cleanser that keeps the skin balanced and reduces dryness.
