+ Company Description

The Partners Co., Ltd. is a professional manufacturer, distributor, and social media marketer of Korean cosmetic products. Our confidence and responsibility of our products are the reason why we can protect the #1 sales title despite the heavy competition in the beauty field. The Partners Co., Ltd. has all various kinds of things such as cleansing device, skin care products, body care products and hair care products. Moreover, we became a dominant player in the domestic market and work to expand our existing market in international market. Thanks to our products' quality and our own marketing methods, we sell 2,000 ~ 10,000 units monthly for each product in Korea. All our products are mainly sold on social media and dermatology & aesthetic shops, and are sold at three major duty-free stores which are doing difficult screening procedures. We record amazing sales volume through a lot of review from consumers.
