## Product

### Deep Sink Mask

- 01 Manufactured using five kinds of plants fermented for 100 days in the volcanic cluster in Jeju Island as raw materials, the Deep Sink Mask penetrates deeply into the skin due to the nanoization of the fermented raw materials. It was named Deep Sink, and the effect lasts for five days after one use. According to the characteristics of each ingredient, it has five effects: Brightening, Sensitive, Tightening, Hydrating, Protecting
- 02 Houttuynia Cordata Thunberg, Polygonum Multiflorum, Macadamia Ternifolia
- 03 Store at room temperature away from direct sunlight and moisture, attach the mask sheet to the face and remove after 15 minutes
- 04 2 years from the date of manufacture

### Reine Wild Ginseng Lotion & Toner

- 01 The Uniquemi Reine line uses stem cells extracted from 120 years old wild ginseng by fermenting it again and using it as a raw material. It fills the skin with firm and vital energy, and the panaginic acid component of wild ginseng maintains excellent moisture. Reine Skin Care will keep your skin elastic and radiant like a queen.
- 02 Wild Ginseng
- 03 Store at room temperature. After washing your face, apply an appropriate amount of lotion and toner to your face.
- 04 2 years from the date of manufacture

### Reine Wild Ginseng Tone-up Sun cream

- 01 A tone-up sunblock that contains fermented wild ginseng root and has a soft texture like a lotion. It helps to block UV rays and improve wrinkles.
- 02 Wild Ginseng
- 03 Apply 1 gram to the face before going out on a sunny day.
- 04 2 years from the date of manufacture
