"AU REVOIR, EN QUEL LIEU, QUE CE SOIT"

#### Styling Tip

With basic white plus blue lettering printing,  
You can wear it without fashion every season with a refreshing T-shirt.

Oversized T-shirts are added with lettering,

The cotton material is suitable for thickness and solid material,  
so it can be worn without reflection.

#### Texture

It has a soft touch and proper elasticity, so you can wear it comfortably.

## I Company Introduction

### Company Name : LARTIGENT

LARTIGENT sets a concept every season and develops its design. LS Season developed its design inspired by Eric Romer's film 'Spring Story,' which was released in 1990. It conveys the brightness of the mood and tulips of Paris, France, in a visual image, and suggests daily wear with a warm spring feeling in our hearts that cringe throughout the winter.
