WE MAKE THE WORLD
BETTER

Inspired for better life
UbiWaters

Customers' Values First

We always work hard to provide greatest satisfaction to our customers by placing ourselves in our customers' shoes.

High Tech Manufacturing

We have various modern manufacturing facilities to provide our customers with reliable and quality products and services.

Keep being new and different

We show new possibilities and materialize our dream by building up great talents of wisdom, integrity and honesty.

Pursuit of Quality

We perform our quality improvement activities at every stage from design to evaluation, production, sales and support.

Do the right thing

We create changes in the fast-paced world and pursue righteous management through transparency and openness.

Social Responsibility

We aim to nourish our suppliers, employees, communities and environment through our socially responsible business practices.

| Valves for Waterworks

- Resilient Seated Gate Valves
- Knife Gate Valves
- Butterfly Valves
- Automatic Control Valves
- Swing or Tilting Disc Check Valves
- Air Release Valves
- Sluice Gates
- Fire Hydrants

| Ball Valves for Oil & Gas

- Trunnion Ball Valves
- Floating Ball Valves
- Metal Seated Ball Valve
- Cryogenic Ball Valve
- Automated System
- Side and Top Entry type

| Butterfly Valves for Power Plant

- Concentric Butterfly Valves
- Double Eccentric Butterfly Valves
- Triple Eccentric Butterfly Valves
- Metal Seated Butterfly Valves
- Cryogenic Butterfly Valves
- Combined Non-Return Valves

| Process Engineering for Water Treatment

- Ubi-SBR (Sequencing Batch Reactor)
- Ubi-MBR (Membrane Bioreactor)
- Ubi-DAF (Dissolved Air Floatation)
- Ubi-ATAD (Auto-Thermophilic Aerobic Digester)
- Ubi-Rack (Universal UF/MF Module Rack)
- Coagulation and Flocculation
- Multimedia Filtration
- Activated Carbon Filtration
- Multistep De-incinization
- Mixed bed Ion-Exchange

| Packaged Water Treatment System

- Ubi-ezSBR (Sequencing Batch Reactor)
- Ubi-ezMBR (Membrane Bioreactor)
- Skid Mount Type
- Containerized type

| Water Treatment for Communities

- Ubi-Pure System
- Ubi-RO (Reverse Osmosis)
- Ubi-UF (Ultrafiltration)

| Coupling and Fitting for Valve and Pipe

- Grooved End Joint (Flexible and Rigid Coupling)
- Grooved Fittings (Elbow, Tee, Cross and End Cap)
